By integrating AirPlay, Bluetooth, and Wi-Fi into the STR-DN1040 Sony is trying to make the process as easy as possible. I found playing back my digital content to be simple, just like it should be. As a traditional receiver the 1040 does a fantastic job as well. The imaging and detail are as good as other receivers I've heard in its price class.

The Sony 1040 is probably one of the best value performers currently available, in my opinion. I know this is off-topic, but could you guys please post bench results for the Denon X4000 receiver? I've been dying to see what it can do, and each time I look at your review I find no measurements. Pretty please?
