i have 2 stihl backpacks. i have a br 420c magnum thats 2 years old and an older br 400 series. i was as well a little worried about the 420 not having much power, it does get better as you run more tanks through thought. i think it is about the same as the older 400. i am a little dissapointed, but i really didnt know any better back then i guess.

Got the parts from my local Stihl dealer. \$36 bucks for not much. Replaced the limiting caps with

the new "wingless" version, after installing new plug, fuel filter (stock one-they didnt have the weighted white one), pre-filter, and new air filter. 20K Tach was acting up and I'm guessing since they gave me a nonresistor type plug thats the reason.
