How Do You Learn Homonym Spelling Lists? Homonyms, or multiple-meaning words, are words that have the same spelling and usually sound alike, but have different meanings (e.g. dog bark, tree bark). Beginning in kindergarten, children learn to use context to determine which meaning of a multiple-meaning word is correct in a sentence.

Doublespeak is language that deliberately obscures, disguises, distorts, or reverses the meaning of words. Doublespeak may take the form of euphemisms (e.g. "downsizing" for layoffs, "servicing the target" for bombing), in which case it is primarily meant to make the truth sound more palatable. It may also refer to intentional ambiguity in language or to actual inversions of meaning.

### **Doublespeak - Wikipedia**

Very enjoyable article. I think sound symbolism may have a lot to do with where the words

originated. For instance, all the "gl" words you listed to do with light are of Germanic origin and still have their parallels in modern German: glimmernd (glimmering), glitzern (to sparkle), gleind (dazzling, very bright, like midday sunlight reflected off water, or a torch shone straight into your ...
