Sportster Engine Noise

engine noise. Discussion in 'Sportster Models' started by alford 56, Apr 9, 2010. Page 1 of 2 1 2
Next > alford 56 Member. 17 11 0. I noticed what seems to me to be excessive engine noise compared to my last jap bike. It sounds like tappet noise. Harley says there engines have hydraulic lifters which should be quiet. Is this noise normal ?.

engine noise | Harley Davidson Forums

lil bro has an 883, his engine was noisy too, untill we changed his pipes, quieted it right down, kinda like when your car engine starts an odd squeel or rattle, if you turn your radio up all the way, the engine noise stops, lol

883 engine noise - Harley Davidson Forums: Harley Davidson ...

Unless the motor has very high mileage and has been lugged regularly (causing connecting rod bearing failure), the most common cause of "knocking" in a Harley is a loose or worn compensator.

Why is there a knocking noise in your Harley Davidson?

HELP!!! My 2001 Harley Sportster 1200. Is this sound normal? Almost like a sewing machine . Runs great with no issues.

2001 Harley Sportster 1200 engine noise?

I have an 86 sportster 883, the engine makes a noise that sounds like the piston is hitting the head or spark plug but doesn't show signs of damage. I was told by a Harley mechanic that the bike sounds great though. I thought it might be cause the engine is hard mounted and not rubber mounted. do you know what is making that noise.

I have an 86 sportster 883, the engine makes a noise that ...

If it sounds like a mechanical sewing machine or typewriter, that is the normal sound of the heads on a EVO engine. If it is a harsh metallic slapping sound, I agree with the other posters that it could be your primary chain, which is very easy to adjust.

Rattling noise on this part of my Iron 883, is this normal ...

Sportster cam custom fitting sportster cams gear noise, Whenever a roller lifter in a sportster engine passes maximum cam lift, the forces on the cam gear teeth change direction. if there is more than .002 backlash, the change of force and direc- unlike whining gears, rattling gears will not cause gear tooth failure or engine damage. if you don ...

Engine noise ironhead sportster - JustAnswer

An experienced Sportster mechanic would be able to tell you right away if it was a loose rocker arm (worn or too much end play) or if it is a lifter noise. If the tick is happening at half engine speed, then it is coming from the valve train. If it is happening with each revolution, then there is something else going on, possibly a wrist pin.

light ping/tick engine noise - The Sportster and Buell ...

How I solved my noisy valve train on my '92 Fatboy 1340 EVO engine. I have been chasing this problem for several months, and it was getting so my bike wasn't fun to ride anymore, as the engine noise seemed louder than my exhaust, especially when I have the windshield on, it tends to amplify all the sounds coming from the engine.

Harley Valve Train Noise - Capital Hosting

The custom Sportster I still own is nice but I wanted a touring bike. ... Going down the road the

clutches felt like they disengaged and the engine revved very high. ... I still have warranty and ...

Sportster Engine | eBay

1996 Sportster 1200 Custom, just hit 30,000 miles. First time ever heard 'pingy' noise from underneath primary cover, or so it seemed. Noise was not steady or constant, rather intermittent, ie, every 2 seconds or so it appeared, sort of as if it was (no pun intended) 'cycling' along with the engine as the engine is running.

The best way I can describe it would be like the sound that running your finger around the lip of crystal glasses. ... throttle position would be linked to engine RPM and would be an engine issue intake or ...

noise on my 883 that I can't figure out... : sportster

I'm a fellow who was in your same position, having only owned Japanese sport bikes prior to my Sportster. First, the engines you're used to were all liquid cooled, and that in and of itself kills a lot of engine noise that would normally get to your ears due to: A) Closer tolerances allowed by liquid cooling, and B) the insulating effect of having water surrounding the cylinder. Then put that ...
